

South Island Straight Liners Racing Association

"Be Smart & Be Part of the Solution. Race at the Track Not on the Street"

Silent Auction

The South Island Straight Liners Racing Association seeks your support in our annual **SILENT AUCTION**, to be held [December 2, 2017](#) at Ma Millers Pub (2903 Sooke Lake Road). Viewing starts at 7:00 pm with the **SILENT AUCTION** scheduled to begin at 7:30 pm.

S.I.S.L.R.A. was formed back in 1980. A small handful of car and hot rod enthusiasts had a desire to test their cars. They held their meetings in a small area above a local body shop.

The club operates on a very basic premise, to promote drag racing in a safe and controlled environment. We strive to introduce the sport to students and educate them about keeping it off the streets through our Trophy Student Class which runs amongst our four regular classes at Western Speedway. Our long-term goal is to secure a longer, dedicated facility.

We are a non-profit organization. Our goal for this auction is to raise funds to help offset the increasing costs of our association. The proceeds will be allocated for maintaining the drag strip, updating equipment and supplies needed to successfully and safely run the races, which are all operated by volunteers.

We are looking for donations to be auctioned. Anything would be greatly appreciated, such as gift certificates or merchandise. In return we encourage our members to patronize the participating business throughout the year. We also will be promoting the companies who have contributed items in the announcements throughout the evening. All auction items and sponsors will be posted on the club's official web site at www.SISLRA.ca.

We also would enjoy having you attend this fun event. If you have any questions or queries about donations or anything regarding this event, please contact Bill Jamieson Jr. at 250-382-8792 or Tracy Barnes at 250-598-4048.

Thank you in advance for your consideration.

Bill Jamieson Jr., Treasurer
South Island Straight Liners Racing Association
